

TRIP DETAILS - JUNGLE RUN AND CAMP FUN

Half Day With Overnight Camp On Lower Kern River

<p><u>TRIP MEETING TIME:</u> Jungle Run and Camp Fun One Day with Overnight 11:00am <i>(Please arrive 20 minutes early)</i></p> <p><u>MEETING SITE:</u> Whitewater Voyages' Kern Outdoor Center (inside Frandy Park Campground) 11252 Kernville Road Kernville, CA 93238</p> <p><u>Parking Instructions:</u> Frandy Park charges a fee of \$8.00 per car/per day for parking (fees for RV's and buses are higher). Whitewater Voyages does not own or operate Frandy Park and has no control over parking fees. For further parking information or reservations you may contact Frandy Park at (760) 376-6483.</p>	<p><u>RESERVATIONS OFFICE:</u> Whitewater Voyages' Sequoia Outdoor Center P. O. Box 375 11316 Kernville Road Kernville, CA 93238-0375 Phone: 1-800-400-7238 Email: fun@whitewatervoyages.com Website: www.whitewatervoyages.com</p> <p><u>LOCAL WEATHER AT RIVER:</u> www.weather.com Zip Code 93238</p> <p><u>WATER FLOWS:</u> www.dreamflows.com</p>
--	---

DIRECTIONS TO MEETING SITE

A. In Bakersfield, on Hwy 99, is where you'll connect onto Hwy 178 East toward Lake Isabella

From the South (L.A., O.C., San Diego):

From Interstate 5 connect onto Hwy 99
Exit 26A eastbound onto Hwy 178 / Rosedale Hwy

From the North (Fresno, Merced, San Joaquin):

From Hwy 99 exit 27 onto Golden State Ave 204
Golden State Avenue becomes a surface street for a few blocks through downtown—stay in your right-hand lanes and watch for the Hwy 178 onramp on the right hand side

B. After connecting onto Hwy 178 East, follow directions below...

1. On Hwy 178 East go approximately 50 miles (a significant portion of 178 is a curvy, two-lane canyon road—drive carefully and use the turn-outs!)
2. Exit Hwy 155 / Kernville.
3. Turn left off exit and go approximately 10 miles—you will pass through Wofford Heights about halfway to Kernville.
4. In Wofford Heights Hwy 155 cuts off to the left—do not turn at that point—instead stay right/straight towards Kernville.
5. You are near Kernville when you pass the golf course on the right.
6. Shortly after the golf course the road will curve right—you will start to see small businesses and the river will be on your right.
7. Immediately at the end of the “bridge” that crosses the river turn right into Frandy Park Campground.
8. When entering Frandy Park, after paying parking fees, follow signs directing you to Whitewater Voyages

Note: In the event that Highway 178 from Bakersfield to Lake Isabella is closed, you may take Highway 58 East to Highway 14 North to Highway 178 East to Lake Isabella to Sierra Way (a right turn).

HELPFUL INFORMATION

Please read the following attachments in your email:

- Trip Description (trip specific)
- Pre-Trip Guest Info
- What To Bring On A Rafting Trip Guidelines
- Lodging Info
- Camping Info
- Dining Out Around The Kern
- Other Things To Do
- Trip Photo Info

TRIP DETAILS - JUNGLE RUN AND CAMP FUN

Half Day With Overnight Camp On Lower Kern River

TRIP AGENDA

- Arrive and check in 15 minutes before meeting site/time specified above (your trip will leave shortly after meet time)
- Complete your Electronic Release Form at trip check-in
- Load your personal over-night gear into our gear trailer (will be shuttled to camp for you)
- Rafting gear provided (life vest, helmet, wet suit-if needed)
- We are all transported to river put-in
- Safety talk administered by Whitewater Voyages' Lead Guide
- Rafts launch onto river; each raft has own professional guide
- Raft to our Lower Kern Campground where your personal gear will be waiting for you
- Appetizers, Dinner, Dessert served, Overnight at Camp
- Breakfast on Day Two
- Load your personal gear back onto gear trailer, return to KOC approximately 10:30am

Guests run the Class III "Jungle Run" section of the Lower Kern River to our camp to enjoy an outstanding dinner, tranquil riverside camping and a bountiful breakfast in the morning.

WETSUITS

Wetsuits are available to rent for a nominal fee.

Wetsuits are typically required through May. Occasionally, cool weather occurs after May in which case a wet suit may be needed.

Wetsuit size requirements are determined at trip check-in.

- Wetsuits provided are 3mm neoprene "Farmer John" style
- Nylon paddle jackets (similar to a rain jacket) are provided with wetsuits, however booties are not—please wear sturdy, secure-fitting *shoes* and wool socks
- Wetsuits should be worn over bathing suit, lightweight non-cotton shorts or polypropylene long underwear
- We recommend wearing shorts over your wet suit to help prevent slipping on the raft

MEALS

Full-Day Trips: Lunch along the river consisting of variety breads, deli-meats, cheese, vegetables, fruit, cookies and punch.
Overnights: Appetizers and sodas/punch, BBQ dinner with Tri-Tip steaks and chicken or fish, salads, vegetables, French bread and dessert; bountiful breakfast in the morning.

Please bring a personal water bottle with you. There is, also, a gallon water jug provided on each raft.

Vegetarians usually find sufficient accommodation, however, special needs requests are accepted through our main reservations office.

ALCOHOLIC BEVERAGES

Please understand that alcohol is strictly prohibited the morning of your trip & while rafting. You may bring a reasonably sized cooler to camp, but chose moderation as you have an action-packed Day Two.

PERSONAL GEAR

Please see the following attachments:

- Pre-Trip Check List (the bare basics to bring on the raft)
- What To Bring On A Rafting Trip Guidelines (for your entire trip)

DO NOT wear sandals/flip-flops while rafting - you must wear shoes that have laces or water shoes/sandals that securely strap around your ankle.

Do not take your car keys (AAA does not always service Kernville the same day) or anything of value to you on the river as there is a likelihood it may not return with you. We have a very small safe we will lock your keys for you in, but no lockers. **Note:** Whitewater Voyages cannot be responsible for items left in your car.

Note: we have a small store on-site where you can buy last minute "must-have" items for your convenience and the largest selection of Whitewater Voyages memorabilia.

Thank you for rafting with Whitewater Voyages...we hope you have a great time!

TRIP DESCRIPTION - JUNGLE RUN AND CAMP FUN

Here is some information on the Class III "Jungle Run and Camp Fun" overnight trip on the Lower Kern River that we will be running this season for your review:

The "Jungle Run and Camp Fun" Overnight trip meets at 11:00am at our Kern Outdoor Center (KOC) located inside Frandy Park Campground in Kernville and will return about 10:30am the following morning. Please note there is no lunch served when you arrive, so we recommend you grab a late breakfast at one of the local eateries in Kernville prior to your trip.

You'll run the eight to nine mile Class III, "Jungle Run" section of the Lower Kern to our camp right on the river. You'll start immediately downstream of Lake Isabella and run through a granite gorge that opens up to reveal a pine, sycamore, and willow lined canyon. Class III rapids pepper the run throughout.

This trip routinely stops at the "Jungle Run Jumping Rock" where you can jump in and cool off to your heart's content. The Lower Kern River's water temperature hovers around 70 degrees in the summertime, adding the finishing touch to its renowned rafting conditions.

Shortly upon arrival at Camp, you will start feasting on appetizers by the river with dinner to follow and enjoy an outstanding overnight camping experience. Our guides are amazing outdoor chefs and will facilitate outstanding meals and a nice campfire for the group. Breakfast is served the morning of the following day.

Our private, riverside campground comes complete with chairs, redwood sleeping decks, and thick "Paco" style sleeping pads for all of our guests.

At the conclusion of breakfast, the group and their camping gear are shuttled back to the Kern Outdoor Center (KOC) in Kernville, usually arriving about 10:30am.

The price for the trip depends on the day of the week you join us. Kids under the age of 17 are eligible for a 10% Youth Discount. Groups of 12 or more are eligible for a 10% Group Discount. Non-Profits, Scout, and Church Groups of 12 or more are eligible for a 15% Non-Profit Discount. Please keep in mind that there is a 6% Land/Use Fee that will be added to the price of the trip when your reservation is placed.

A non-refundable deposit of \$100/person is due when your reservation is placed. The balance is due 30 days prior to your start date.

I've attached a set of Trip Details, some information on Camping, Lodging, and Dining Out here in the Kern River Valley, as well as useful information for your rafting trip for your review.

Feel free to give us a call if you have any questions about the course or should you like to reserve your space. Our office hours are 9:00am - 5:00pm, Monday – Friday, however, should you need to leave a message during off hours, we are usually able to get in back with you in short order.

Thank you for joining us on our favorite river this season!

PRE-TRIP GUEST INFORMATION

What Can I Bring? What Do I Need to Leave Behind?

WATER? Yes! Hydrate! A communal One Gallon jug is provided on each boat for refills, however, you should **Bring Individual Water Bottles** to fill with water. We have some nice ones available for purchase at our check-in locations.

HATS? Yes! You can wear them under your helmet. We sell hat clips at our check-in locations.

GLASSES? Yes! You can remove glasses, or if you bring them, bring or buy retention straps (Chums). Available for purchase at our check-in locations.

SUNSCREEN? Yes! You should use it! Lather up before, then bring just one big bottle to share for your raft group. We will put it in the Ditty Bag (the mesh bag we carry on the boats). **PRO-TIP:** don not put any sunscreen on your forehead or the back of your thighs.

SHOES? Yes! Sneakers are best; sandals are OK but must have ankle strap. No Flip Flops or Bare Feet! We have booties for rent at our check-in locations.

VALUABLES? No! Remove and don't bring anything you wouldn't want to lose in the river (phones, rings, watches, etc.). You can lock valuables and cell phones in your car.

KEYS? No! Lock your car and drop keys in our key box. We will keep it safe in our safe. Note that AAA sometimes cannot make it out the same day to retrieve keys locked inside vehicles.

DITTY BAGS: Ditty Bags (mesh bags on rafts for sunscreen and personal water bottles only) will be on each raft. Please remember anything you bring with you *will get wet*.

RESTROOMS: Portable toilet facilities are located at our check-in locations. There are none available on the river.

WHAT TO BRING ON A RAFTING TRIP

ESSENTIALS

- Everything on your Pre-Trip Additional Info list - your water bottle, sunscreen, sunglasses/Chums, shoes, hat. Your loose items will go into the Ditty Bag on the boat. The Ditty Bag does not seal, but it does have a synch strap closure. Do not put sunscreen on your forehead, as splashes of water on the river will cause it to run down into your eyes and that will sting. Do not put sunscreen on the backside of your legs, as this will act as a slipping agent and will make it very easy for you to have a wild ride and slide out of the boat.
- **Change of Clothes.** We have changing stalls available for you to get into dry clothes at the end of your trip.

MEDICAL CONDITION ALERT

- **Bring your own medication.** If it is something you may need immediate access to, such as conditions in which you are susceptible to anaphylactic shock from bee stings, allergies, etc., please notify our Reservations Office and your Trip Leader and we will make sure it is put in the First Aid Kit on the raft for easy access.
- If you have a medical condition, any physical restrictions or limitations, please let our Reservations Office know in advance, as this will help us prepare for you to have the best experience upon your arrival.
- Our staff is prepared to provide basic First Aid, but we are prohibited by law from providing, and we are not trained to, administer medications or advance medical care.

CLOTHING GUIDELINES

Spring and Fall (before June and after September):

- **Warm Clothing**
Warm clothes made of non-cotton fabrics such as wool, synchilla, polartec, fleece, capilene, polypropylene and similar materials which insulate well even when damp. Cotton when wet retains all the water and does not insulate, therefore making you colder on the river! Wool or neoprene socks/booties will keep your feet toasty!
- **Wetsuit and/or paddling jacket**
If needed, wetsuits and paddling jackets (like a rain jacket but without the hood, made for rafting) are available for a nominal fee. You may want to bring your own, just make sure you have ample flexibility so you can do your best paddling. We recommend wearing board shorts over your wetsuit, so you are less likely to slip out of the boat.
- **Gloves**
Gloves are not usually worn during the colder months, but if you feel the need to bring them, we recommend 0.5mm neoprene or some water ski/cycling gloves.
- **Shoes**
We require you to wear footwear that is secured to your foot. We recommend shoes with laces, however, any type of footwear that you can wear in the water which has a strap to go around your ankle to secure you it on to your foot will suffice. You will be getting on and off the raft, so footwear with a solid outsole will be good for managing those rocks and making quick movements.

Summer and anytime (June through September):

- **Swimsuit and board shorts**
We recommend wearing board shorts, so you are less likely to slip out of the boat.
- **Rash guard or sun top**
Even wearing a thin, non-cotton, UPF hiking shirt will provide you the ultimate sun protection.
- **Hat/visor**
A baseball/trucker cap is the best style to wear under the helmet we provide you. We have hat/visor clips for sale at our store.
- **Sunglasses**
If you're wearing a hat, sunglasses may not be necessary. But, if you are going to wear glasses, be sure to wear retainers like Chums or Croakies so that you don't lose them if you go swimming, and most of all so that you are not polluting the river when they sink to the bottom.

OPTIONALS

▪ **GoPro/Waterproof Camera**

We have several helmets with the GoPro sticker pad on them for your convenience. You will need to bring the screw & the part that slides into the helmet & locks in place. Whitewater Voyages cannot be responsible if you lose your camera. If you have a strap that you can tie your GoPro to your helmet, we recommend you bring that as well, as sometimes the impact of a wave will knock it off your helmet. You will be using your hands most of the day, so a hand-held GoPro may not be the best choice.

MULTI-DAY TRIPS

▪ **Sleeping Bag/Pillow**

Nights in the spring and fall can be chilly to some at 50 degrees Fahrenheit, but in July and August, nights can be warm at 70 degrees. You can also rent a sleeping bag from us if you notify our Reservations Office in advance.

▪ **Sleeping Pad**

We have plush sleeping pads called Paco Pads from NRS/Aire at our Lower Kern Camp, so you may decide to leave yours behind. However, for our multi-day Wild and Scenic trip, please bring your own sleeping pad or you may rent one from us if you notify our Reservations Office in Advance.

▪ **Headlamp/Flashlight**

We have small solar lights around the kitchen area, but not on the Wild and Scenic section. A headlamp is like a flashlight on your head that makes getting around in the dark easy with your hands free.

▪ **Chair**

We have plenty of chairs available at our Lower Kern Camp, however, if you have an amazing chair you love, bring it.

▪ **Tent**

Most people prefer to sleep in the open air as to enjoy the night sky of stars that usually aren't visible in the big city. But if that isn't your groove, bring a tent. Check the weather and see if rain might be in the forecast. You can also rent one from us if you notify our Reservations Office in advance.

▪ **Bug Spray**

During the springtime, mosquitoes are out to play, but in the heat of the summer, their numbers drop drastically.

▪ **Drinks/Coolers**

We have plenty of punch, juice, and food available. If you'd like to bring alcohol for the evening time, feel free to stock and bring your own cooler, but choose your poison wisely, as you have an action-packed day on the water the next day.

▪ **Reading Material**

▪ **Music/Cell Phone**

We highly recommend you **DO NOT** take these items on the river with you, (these are very expensive items) but we do recommend you pack them up & send them to camp. There is no cell phone reception almost everywhere on your trip.

▪ **Toiletries**

We have non-flushing toilets (porta-potty or groover) on all our trips.

▪ **Lip Balm**

▪ **Plastic Bag**

To store your wet clothes in.

▪ **Dry Bag**

For our Wild and Scenic trips only, as your gear will go on the raft with you. For our Lower Kern trips, your personal gear is brought down to Camp in our trailer.

▪ **Hammock**

There are trees around for hammocks. Please bring the appropriate strap to protect the tree bark.

KERN LODGING INFORMATION

Here is a list of lodging facilities in the area. Contact the motels directly for rates and availability.

Kernville

Falling Waters (<i>pets ok</i>) <i>Guests of Whitewater Voyages get 10% off their stay at Falling Waters. Call to inquire about the discount and availability.</i>	15729 Sierra Way (2.6 miles away)	(760) 376-2242

The best Mexican food in town

178 Bar & Grill

6107 Lake Isabella Blvd.
Lake Isabella, CA 93240
(760) 379-0178
(The old Shady's)

OTHER THINGS TO DO

Here are some great ideas for hikes, sightseeing and other things to do here in the Kern River Valley:

French Gulch Marina: Rentals of waverunners, pontoon boats, fishing boats, kayak and SUPs. www.frenchgulchmarina.com

Mountain Biking Trails: Remington Ridge, Mill Creek, Keyesville, Unal Trail, Just Outstanding to Waggy Ridge, Dutch Flat, Cannell Plunge, Nelson Trail, Bear Creek

Cannell Trail: The trailhead for the Cannell Trail is about 2 miles north of Kernville. It is an "out and back" trail that offers scenic views of Kernville and the surrounding countryside. I usually hike up to the "Singing Gate", a Forest Service gate that is on a saddle about 1 1/2 miles in. The first part of the hike is uphill, then the trail levels out. The final leg to the gate is also uphill. The roundtrip usually takes about 1 1/2 hours.

<http://kernriversierra.com/bike/cannelllower.html>

Packsaddle Trail: The trailhead for this hike is almost 15 miles upstream of Kernville. It is about a 5-mile Round Trip that leads up over a saddle, down to a creek, and then to a really cool Limestone cave.

http://kernriversierra.com/hike/packsaddle_trail.html

The River Trail: The trailhead for the River Trail (also known as the 4 Mile Trail) is right at the Johnsondale Bridge (about 18 miles upstream from Kernville). This is a relatively level out and back hike along the river. You can hike up to four miles before the trail heads up the mountain. This trail parallels the last four miles of our Class V "Forks of the Kern" run. About 3/4's of a mile in you'll see one of the Class V rapids we run, Carson Falls. If you continue, you'll come across several more beautiful rapids. They're impressive even at low flows.

I'd also recommend the following scenic drive and short hikes in the high country just outside of Kernville. You'll drive up past the Johnsondale Bridge to access these places. The drive is about an hour from Kernville. All three stops are in close proximity of one another.

The Trail of 100 Giants: This is a great, self-guided tour through the Long Meadow Grove of Giant Redwoods. It is impressive (if not awe inspiring), and educational. The last time I was up there, one of the trees had fallen and to view one from a horizontal perspective is a special treat.

Dome Rock: After viewing the Trail of 100 Giants, I'd recommend driving a little further to Dome Rock. You can park at right next to this amazing monolith and stroll right up the back side (super easy walk) to the top where you'll find an amazing view of the High Sierra and the awesome canyon the North Fork of the Kern River has cut through the countryside. You also can't miss seeing The Needles, a group of granite spires not far from your vantage point. You'll see both of these landmarks in the distance on your drive up.

If you visit the High Country by driving a little further, you will find the ruminants of **The Ponderosa Lodge**. This establishment burnt down in the epic winter of 2023. They have a GoFundMe page to raise money to rebuild. Their phone number is 559 542 2579. Here is the link to the GoFundMe page: <https://gofund.me/71b8e857>

PHOTOS OF YOUR KERN RAFTING TRIP

Whitewater Voyages will send a professional photographer to take memorable photos of your day on the water. Still photographs capture the essence of your whitewater experience and we've found them to be the best way to preserve every exciting moment for the future. Please reserve the photographer at least a week in advance by calling our office, 800-400-7238.

Your photographs will be available for review via a link sent to the email of the person that booked your trip, later that evening. Should you choose to purchase them, you can buy your boat's entire album or just one photo from the website.

Your Boat's Entire Album: \$75.00*

One Photo: \$20.00*

4 - 6 Boats: \$255.00*

* All prices subject to Kern County Sales Tax
